

MCO Congress of Mayors

Each year the Mayors Council of Oklahoma convenes the **Congress of Mayors** bringing Mayors, Vice Mayors, Council Members, and City Managers from across Oklahoma to the State Capitol to debate issues facing municipalities. Your participation is vital to the success of this initiative.

The next step in planning for the 2018 Congress of Mayors is identifying leadership and issues to add to the resolutions. We are making a concerted effort to have as many mayors as possible attend the event and your input is very valuable to the planning process. We must have a strong core of leaders who are willing to undertake the task of preparation for the next Congress.

Please let us know as soon as possible if you will serve. If you have already identified a leadership position that you are interested in, please select in order from 1 to 5, with 1 being the position in which you have the most interest, and return to Sarah@oml.org.
