CITY AND TOWN OFFICIALS FROM ACROSS OKLAHOMA HONOR MENTORS IN THEIR COMMUNITIES

The Oklahoma Municipal League and the Mayors Council of Oklahoma are partnering with Mentor4OK to encourage mayors to support their local mentoring programs by honoring mentors throughout the Mentoring Awareness Month held in January 2023.

Mayors are scaling quality mentoring initiatives, mobilizing their communities, and better equipping young people to succeed through improved school attendance and achievement. Mentoring is an essential component of moving people and organizations forward during life. Quality mentoring impacts those in elementary through high school, college and CareerTech, corporations and businesses, the military, juvenile justice, and other special populations, such as those involved in adult incarceration and reentry, mental health, substance abuse, parenthood, and more.

The mentor(s) honored by the City of _____ for outstanding leadership and mentoring is/are _____ for _____.

About Oklahoma Municipal League

The Oklahoma Municipal League is a statewide, non-profit corporation currently composed of 597 member cities and towns. The Oklahoma Municipal League (OML) serves as the individual and collective voice of local government officials in interactions at both the state and national levels. OML provides services and programs to its members that assist them in better serving their citizens and communities and acts as a clearinghouse to offer services which individual cities and towns do not have the time, money, or expertise to provide alone.

The vision of OML is to act as the authoritative source for information, training and resources on effective local government for member organizations and is recognized as THE respected voice of Oklahoma municipalities throughout the State.

About Mayors Council of Oklahoma

The Mayors' Council of Oklahoma was formed in 1991 as a bipartisan organization to represent the concerns and views of the body of the state's Mayors. MCO provides a vehicle for the development and implementation of programs of multi-jurisdictional cooperation between cities and towns designed to lessen the burden on local government. Oklahoma Mayors make the commitment to work through the conference to improve their own communities as well as the conditions facing cities and towns throughout the state and nation.
