**Oklahoma Municipal Services Corporation announces
new partnership with Call A Doctor PLUS**

Oklahoma City, OK – The Oklahoma Municipal Services Corporation (OMSC), the business arm of the Oklahoma Municipal League (OML), has announced a new strategic partnership with Call A Doctor PLUS (CADR).

The CADR PLUS program will be available for purchase by member municipalities. When they do so, according to CADR PLUS, their employees will gain access to an array of services designed to enhance their physical, mental and financial well-being, at no out-of-pocket or co-pay expense.

The CADR PLUS program will give municipal employees round-the-clock video access to physicians and allied health professionals who will answer questions, treat common and acute issues, and prescribe medications when appropriate. CADR PLUS includes board-certified, state-licensed physicians, each with an average of 15 years of experience standing by when a member's primary care physician is unavailable or when they simply have a health-related question.

For more details about this service, please visit www.cadrplus.com or contact Bill Latz at blatz@cadrplus.com or call 860.217.0815. You may also contact OML's Nancee Morris at nancee@oml.org or call 405.528.7515.
