MIDWAY MARKS DROP IN BILLS

At the midway mark, the Legislature has approximately 1,050 bills to consider with 680 (300 from the Senate and 380 from the House) introduced in 2022. There are also almost 400 carryover bills from the 2021 Session. The next deadline is April 14, when bills and joint resolutions must be heard in a committee of the opposite chamber. Those bills that are assigned to the House A&B Committee have until April 22nd to be heard.

Of those bills, OML's priorities have been assigned to their respective committees and are awaiting a hearing. A couple of our priorities are as follows:

Open Records/Personal Information: <u>SB 1452</u> by Sen. Kay Floyd (D-OKC) and Rep. Carol Bush (R-Tulsa) amends the definition of "record" to mean any portion of any document of information provided an agency or entity of the state or a political subdivision to obtain licensure under the laws of this state or a political subdivision that contains an applicant's personal address, phone number, electronic mail address, or other contact information. Provided, however, lists of persons licensed, the existence of a license of a person, or an address expressly stated to be a business or commercial address submitted with an application for licensure be public records. Any portion of any record that contains the name or any other identifier of the occupants of any residential structure must be kept confidential. Public bodies that provide utility services to the public may keep confidential the personal information.

The bill is being heard on Wednesday in the House General Government Committee. Please contact the members of the <u>committee</u> and ask them to vote **YES** on the bill.

Tammy West (R-Bethany) requires a firearm that is not held in the hand but rather is carried on a shouldered sling with the firearm located in a general vertical position where the barrel of the firearm is safely pointed in an up or down direction or in a case designed for carrying a firearm. The provisions of this law shall not apply while lawfully at a gun range, while lawfully hunting, during an act of self-defense, or otherwise during lawful use of the firearm. The bill defines handguns, rifles and shotguns and collectively refers to all of them, including pistols, as "firearms".
